Customer No. 22801

Accompanying this statement are two compact discs labeled "Copy 1" and "Copy 2". The two compact discs are identical. The two compact discs, and files stored thereon, may be read using a Windows®-based computing device (e.g., IBM-PC, or equivalent) that executes a Windows®-brand operating system (e.g., Windows® NT, Windows® 98, Windows® 2000, Windows® XP, etc.). Each compact disc conforms to the International Standards Organization (ISO) 9660 standard, and the contents of each compact disc is in compliance with the American Standard Code for Information Interchange (ASCII). Each compact disc stores the following three files:

<u>File Name</u>	<u>Size</u>	<u>Date</u>
TABLE1.TXT	5,181,563 bytes	8/19/04
TABLE2.TXT	5,756,136 bytes	8/19/04
TABLE3.TXT	5,054,712 bytes	8/19/04

Each of these three files contains a table that has more than 50 pages of text. These tables are hereby incorporated into this statement by reference. These tables list the files included on the two duplicative sets of three compact discs (CD-Rs) each labeled "Copy 1" and "Copy 2" filed with the application.

The TABLE1.TXT file is a table listing all the files, including their names, sizes in bytes, and dates of creation, on the first compact disc in each set of three compact discs (CD 1 of 3) filed with the application. In the table, these files are listed in the order of creation date, creation time, size in bytes, and name.

The TABLE2.TXT file is a table listing all the files, including their names, sizes in bytes, and dates of creation, on the second compact disc in each set of three compact discs (CD 2 of 3) filed with the application. In the table, these files are listed in the order of creation date, creation time, size in bytes, and name.

The TABLE3.TXT file is a table listing all the files, including their names, sizes in bytes, and dates of creation, on the third compact disc in each set of three compact discs (CD 3 of 3) filed with the application. In the table, these files are listed in the order of creation date, creation time, size in bytes, and name.

Respectfully submitted,
